

Airflow Club of America

Description:

The AIRFLOW CLUB OF AMERICA, INCORPORATED is a nonprofit organization founded in June 1962. The Club is dedicated to the preservation, restoration, exhibition and use of Chrysler Airflow and DeSoto Airflow automobiles and Dodge Airflow trucks. Our mission also includes collecting, recording, preserving and disseminating Airflow information, data and lore to the world of old car enthusiasts. The ACA Website is one of the ways in which this information is preserved and made available to interested parties.

Equally important is the promotion of fellowship and cooperation among Club members.
