

Utah Chapter of the VMCCA

Description:

The purpose of the Veteran Motor Car Club of America (VMCCA) is to encourage the preservation and restoration of antique and historically significant vehicles. Our cars may be called classic, vintage or antique - they are the veterans, not the people. The cars are veterans of the road.

Our specialty is touring events, where we drive our cars to interesting places, meeting new people and visiting with friends. We have fun while everyone gets to see, hear and enjoy old cars on the road.

Address Line 1: 10 E 6150 S.

Country: USA

State: Utah

City: Murray
