

VMCCA Coyotes

Description:

Welcome to the Official website of the Coyote Chapter of the Veteran Motor Car Club of America.

We are primarily located in Tucson, AZ and are part of the Southwest Region of the VMCCA.

The Coyote Chapter is a very active club. We are always lining up new & exciting outings & activities for our members.

Presently we have families & friends who have a passion for cars and the camaraderie that seems to result when these car people get together.

We are always interested in meeting & talking with potential new members.
