

Wheel Works Inc.

Description:

Wheel Re-manufacturing

Whether a rock has chipped your rim or you've scratched it on a curb, our wheel refinishing service brings your rim back to its former glory.

Same-day wheel repair is also offered for bent or cracked rims, including alloy rims. Mounting and balancing are available too.

Our shop offers wheel pick-up for dealers of new or used cars. Walk-in service is also available for individuals who require wheel restoration.
