

North Coast Triumph Association

Description:

The North Coast Triumph Club is devoted to the restoration, preservation and enjoyment of all models of Triumph Automobiles. We are a family oriented club with all age groups and are from all walks of life.

Information about our Triumph automobiles and their related events is readily shared by members of NCTA and we are always ready and willing to share in a technical or physical capacity whenever we are able. A members list is published annually which lists information regarding members cars to use as a reference in contacting other members.

Our newsletter The TR Coaster is published monthly which includes member's articles, technical tips, and a calendar of regional car related events.

Monthly events include picnics, touring through our national park, historic sites, the Amish county side, meeting with other car clubs for events and shows, rallies, or just going for a ride and having dinner or to the local ice cream shops.

The Club holds monthly meetings encompassing everything from technical seminars, to driving events and business meetings. All visitors are welcome to join us for an evening of fun.

Address Line 1: 11561 Forest Meadow Cir.
