

Smoky Mountain Chapter Studebaker Drivers Club

Description:

In the fall of 1968, John Brichetto and Sam Harvey agreed to promote SDC in the Southern Region and began forming chapters and developing Studebaker meets. Sometime after the first Tri-state Meet in Asheville, NC, in 1969, a local meet was held at Concord Park. Owners brought more than 30 Studebakers to be displayed and admired, and the local chapter grew out of this meet. There were several Studebaker owners in Knoxville and Maryville who were interested in service and parts, and, from this nucleus, the chapter continued to grow and to build membership. Chapter members, who come from all over eastern Tennessee, have formed lasting friendships based on a common interest in Studebaker cars and trucks.

Membership in the SMSDC is open to anyone interested in Studebaker history or Studebaker vehicles. It is not necessary to own a Studebaker to belong, but you must be a member of the international Studebaker Drivers Club to join SMSDC. Annual family dues for the SMSDC, which includes a subscription to SMOKY MOUNTAIN WHEEL, are \$10.
