

## **Illinois Sports Owners Association**

### Description:

Welcome the Illinois Sports Owners Association web site. We are a group of Chicagoland Triumph sportscar enthusiasts numbering as of this writing [September 2009], over 200 members. Although most of us are residents of the area, we have members from across the country on our current roster. Our organization dates back some forty years and is one of the oldest groups of its type in the country. The club actually originated as a chapter of the factory sponsored Triumph Sports Owners Association, hence the club name, which does not include any mention of Triumphs in it. It's apparently to keep the riff raff out.
